

Union on Frank

STUDENT HOUSING

Union on Frank is an off-campus student housing community in Tuscaloosa, Alabama, near the University of Alabama. Developed on a 1.85-acre infill site with 238 units, 396 beds, and a four-story structured parking garage, the project is designed to support density, walkability, and a strong connection to campus life and nearby retail and entertainment destinations.

Interior spaces combine an industrial-inspired palette with bold graphics, flexible social seating, and collaborative layouts to create a distinct student-living identity. Standout features include the double-height lobby lounge, collaborative study area, and branded reception space, selected as representative highlights of a broader amenity program.
