

Brixley

MULTIFAMILY

Brixley's clubhouse was designed as a high-impact amenity anchor for this 240-unit Bradenton community, combining dramatic stone-look surfaces, warm woods, and refined lighting with real acoustic problem-solving.

Representative highlights include the atrium lounge, entertaining kitchen and bar, and co-working or dining space, while sound-absorbing banding, a ceiling cloud, drapery, and inset carpet help the open-plan interior maintain both luxury presence and day-to-day functionality.
