

The Dakota

MULTIFAMILY

The Dakota is a market-rate multifamily community in Jupiter, Florida, shaped by Abacoa's Bermuda-style design framework and expressed through pastel façades, white roof forms, balconies, shutters, and tuck-under garages.

Interior design complements that architecture with an upscale coastal palette, dark wood cabinetry, polished tile, and hospitality-scaled amenity spaces. The resort pool and spa, clubhouse and social lounge, and fitness and business amenities serve as representative highlights of a broader resident offering supported by granite kitchens, high ceilings, and impact-rated glazing in the homes.
