

Sonoma Pointe

MULTIFAMILY

Sonoma Pointe is a 216-unit, three-story market-rate garden community in Kissimmee, Florida, designed at 15 units per acre with a residentially scaled architectural character of gabled rooflines, articulated siding, stone accents, and lush landscaped planning.

Interior design supports that identity through warm coastal-transitional finishes and hospitality-scaled amenity spaces, with the free-form pool and outdoor lounge, fitness and game areas, and clubhouse kitchen and social lounge serving as representative highlights of a broader luxury resident offering.
